Corporate Profile

The Company was founded by our honorary Late Shri Vallabhbhai Jivabhai Savani and then he had handed over it to second generation Mr. Falgun V. Savani, Chairman and Managing Director of the Company and Mr. Jignesh V. Savani, Director and CEO of the Company. We are presently engaged in the manufacturing of APIs and Fine Chemicals for the domestic market as well as for exports to international markets. APIs, also known as "bulk drugs" or "bulk actives" are the principal ingredient used in making finished dosages in the form of capsules, tablets, liquid, or other forms of dosage, with the addition of other APIs or inactive ingredients. We currently produce the Entire Range of Antacid Molecules available in the market.

We currently own and operate manufacturing facilities at Bhavnagar in Gujarat. Our Bhavnagar facility is certified by food & drugs control administration. We currently have four Manufacturing Blocks at our Bhavnagar Facility for different products. During the year 2011, we added two manufacturing blocks at our Chitra, Bhavnagar facility. One is a dedicated facility for our Main API and another one is for Fine Chemicals. In June, 2021 we have started a set of new production line-up i.e. one new manufacturing block, which increases production capacity within the existing product portfolio i.e. same as per our existing product portfolio and market. More precisely, There are four Manufacturing Blocks at Bhavnagar which are for different products having a capacity of approx 9,700 MTPA. Block 1–APIsBlock 2-Magnesium Hydroxide Block 3-Fine ChemicalsBlock 4–APIs/Fine Chemicals

The company manufactures the entire range of products in the Antacid Molecules segment. The product portfolio presently comprises 18 APIs and 10 Fine Chemicals which are marketed domestically and also exported. The Company is operating both in domestic and export markets. Company exports its products to approximately 16 countries, including Germany, United Kingdom, Bangladesh, Iran, and U.A.E, Indonesia, Japan, South Korea, etc. including both direct and indirect exports.

We seek to establish long-term relationship with our customers and expand our business opportunities with them.

The Company at a glance

Par Drugs and Chemical Limited established in the year 1999.

Our founder Late Shri V. J. Savani was a technocrat with an experience of over 21 years in the manufacture of Antacid raw materials. The Company today manufacturers approx 28 different products and all the requisite grades as available in market.

Mission & Vision

With the Legacy of more than 33 years we at Par Drugs and Chemicals Limited is a 23-year-old company.

Mission Statement:

To enhance the value of our customer's products by delivering best quality of raw materials. To consistently improve quality and production standards for the betterment of our customer's. To build a strong relationship with all our customers, vendors and employees on the values of ethical and transparent working system.

Vision statement:

To develop an Ultra Modern R&D facility to bring various chemical innovations to life. To implement the new standards of production process into our existing product lines which will optimize the production time without compromising on the quality yet making it easily sustainable. To modify our existing products so as to develop entirely new products/formulations for different segments of the industry. To diversify and enter new regions and territories by developing byproducts from our existing product lines.

APIs and their Applications

Magnesium Hydroxide

- Widely used as an Antacid in many Formulations helping reduce stomach acid.
- Also used as intermediate for obtaining magnesium metal, residual fuel additive, sulfite pulp, uranium processing, dentifrices, in food as alkali, drying agent, colour retention agent, frozen desserts.

Sucralfate

- It is a medication primarily taken to treat active duodenal ulcers.
- Sucralfate is also used for the treatment of gastroesophageal reflux disease and stress ulcers.

Dried Aluminium Hydroxide Gel

- Mainly used as an active medicament in an Antacid Formulations.
- Used in manufacturing of lake colours, Inks, catalysts carrier etc.

Magaldrate

• It is a common antacid drug that is used for the treatment of duodenal and gastric ulcers, esophagitis from gastroesophageal reflux.

Magnesium Trisilicate

- Used as Antacid in Antacid Formulations.
- Useful Antioxidant, decolorizing agent.
- Industrial odour absorbent.

Synthetic Aluminium Silicate-KP

• Used in cattle feed product formulation.

Magnesium Aluminosilicate-USP

• Used as an Antacid Raw material in a specific antacid Formulation.

Magnesium Aluminometasilicate-KP/USP

Used as an Antacid Raw material in a specific antacid Formulation.

Aluminium Magnesium Silicate

- Used as an Antacid Raw material in a specific antacid formulation.
- Ceramics suspending agent, thickening agent etc.

Magnesium Oxide USP

 Its uses include relief of heartburn and sore stomach, as an antacid, magnesium supplement and as a short-term laxative.

Almagate BP

Used as an Antacid Raw material in a specific antacid formulations.

Heavy Magnesium Carbonate – IP/BP/UPS

• Used as an Antacid Raw material in a specific antacid Formulation.

Colloidal Silicon Dioxide

 Has many uses in tablet-making: some include as an anti-caking agent, adsorbent, disintegrate or glidant to allow powder to flow freely when tablets are processed.

APIs and their Applications

Hydrotalcite

Used as an API in Antacid Formulation.

Magnesium Aluminium Hydrate

• Used as an Antacid Raw material in a specific.

Light Magnesium Carbonate

Light magnesium Carbonate is an inorganic compound used as common antacid.

- Used to produce magnesium metal and basic refractory bricks.
- Used in flooring, fire proofing.
- Fire extinguishing compositions.
- Cosmetics, dusting powder and toothpaste.

Magnesium Oxide Light

Magnesium Oxide is a common antacid drug that is used for Pharmaceutical aid.

- Filling and reinforcing agent for light-coloured plastic and rubber products.
- Polishing agent, binding agent.
- Accelerator and activator for fluorine and chloroprene rubber.
- For making ceramic, enamel, advanced refractory materials. Used for making magnesium chloride cement. Widely used in glass, dyes, phenolic plastic and other fields.

Magnesium Oxide Heavy

- Common Antacid drug used in pharmaceutical aid.
- Widely used as high temperature resistant materials.

Fine Chemicals and their Applications

Fine chemicals are chemical substances prepared to a very high degree of purity. They can be used in different industries. These chemicals are used for special applications by manufacturing firms that make the following products: Pharmaceuticals, paints, petrochemicals, adhesives and agricultural products.

Precipitated Silica

It is a form of silica (silicon dioxide, SiO2); it is a white, powdery material. Precipitated silica is produced by precipitation from a solution containing silicate salts.

- Pesticides & Detergents.
- Special Low Moisture Grade.
- Free Flow Salt & Anticaking Agent.
- For Cosmetics.
- Pharmaceuticals.

Allusil (Sodium All. Silicate) - Sodium Aluminium Silicate

It is a composition of Silicate & Aluminium Salt.

- Paper
- Paint
- Coating application

Amorphous Aluminium Hydroxide

• Amorphous Aluminium Hydroxide Dried Gel is used in manufacturing of construction chemicals mainly used to manufacture "Short Crete".

PARSIL - HT

• Used in Specialized Agro Formulation.

PAR ADD OP

Used as Filler in PVC Pipes Manufacturing.

Magnesium Aluminium Silicate (Agro)

• Used as Plant Growth Supplement.

Magnesium Aluminium Silicate (Pharma)

- Used as an Antacid Raw material in a specific antacid Formulation.
- Ceramics, suspending agent, thickening agent etc.

Aluminium Hydroxide Magnesium Carbonate Co-Dried Gel

Used as Pharma Excipient in specific antacid formulations.

MagSil OF

• Used in Regeneration of Used Cooking Oil.

FlowSil

Used as Packing Material in Chromatographic Columns.

Key Milestones

Late Shri V. J. Savani established M/s. PAR INORGANICS in the year of 1982 then the PAR DRUGS AND CHEMICALS LIMITED was incorporated in the year 1999.

CHAIRMAN'S Message

Dear Shareholders,

For Par Drugs And Chemicals Limited, 2021-22 has also marked a change in tone and emphasis. Following the success of strategy established during the year, the Board and management have given a great deal of time and effort in 2021-2022 thinking about the next lag of our strategy. It is clear to all that the expectations of our investors' has increased, and how we help them to

achieve healthy returns to their investments., requires a substantial leap forward. During this financial year, we have observed the true meaning of the Globalization, as the war has taken place between Ukraine and Russia has affected the economies of each and every nation worldwide. We have also been affected by the same as the Fuel Prices and Raw Material Prices has gone up very suddenly without giving any prior signals. This has affected our margins so bad during the third quarter. We have tried to pass it to our customers but it has taken some time for us to convince them but eventually we were successful and the same was reflected in our fourth Quarter performance. Now, this situation we have to handle very delicately as we have to keep in mind both top line and bottom line, hence we have taken a difficult decision to balance these. It was also observed that as your Company is into the business of API's, it has not so badly hit by the growing inflation compared to other segments of the industry. I would also like to add here that your Company has completed the Brown Field Project at our Bhavnagar site and the plant is now working satisfactorily.

Your Board has been fully engaged and supportive in the development of this strategy. The goal of being one of the best is a lofty one, and will be hard to achieve. With humility, we believe that the record of the Company over the last five years gives us the right to aspire to that high standard. The 2021-2022 was another year of good financial performance with the "Debt Free Company" wind at our backs in the fourth quarter. Board was pleased to see the growth in our turnover, especially the export growth which was reached at 24% of total turnover during the year as compared to 16% in the previous financialyear, and although the situation of hike in the prices of coal, raw materials and transportation as well as high sea freights, your company has tried to maintain the profit margin. The Company's overall achievements were rewarded in our share price by creating substantial shareholder's return over the last five years at level that compare to industry overview.

I'm glad to inform you that we have successfully applied and presented our R&D project to the Department of Scientific and Industrial Research (DSIR), Ministry of Science and Technology for their approvals. After getting the approval we will start working on the project. Further, the Company is passionately focus on the path towards the expansion of the manufacturing facility, as the path towards the same we have identified one industrial land adjourning the current premises and will be finalizing purchase of the same in the near future. I would like to thank our employees for their countless efforts and openness to take on the ambitious course we have set for your Company. I would also like to thank our management team for its collaboration and hard work building on our strong foundation. And to our shareholders, investors thank you for the trust you have shown in your Company's leadership and financial future.

I am honored to have the opportunity to serve as your Chairman and have every confidence that the Board and management team will continue to build upon the success of your Company and I believe that We have always sought to be diligent inour service to our stakeholders, but our strategy for the next few years will intensify our mission and vision of the Company.

wish you all everything of the best.

Falgun V. Savani

CEO Message

Dear Members,

With remembrance of great visionary and founder of our company, my father Shree Vallabhbhai J. Savani, I would like to pay my gratitude to his divine soul. He has been wonderful guide and torchbearer for our

company, our company's current establishment and progress is part of his vision and our future expansions will also be part of his foresight. He has always taken care of every single employee of this organization. We are lucky enough to become a part of this entity called "PAR". We always try to follow his footmarks.

Our different teams and departments at Par performed so well, like Quality control department has faced internal and external audits and qualified our plant accordingly. To sum this when we are talking about compliance, we have pushed ourselves to a level where its like a well balanced corporate driven organization. Here I can say that we are now committed to perform where all our stakeholders will be benefited and grow in ethical way.

During 2021-22 our company has performed as per given goals, we have achieved results as expected. We have started renovation process of old plant which will be completed very soon. At this junction I would give credit to our team who has planned production very systematically.

We are at Par Drugs And Chemicals Limited, aware of our Social Responsibilities and as a part of it we completed two projects for education last year. Now, this year We have completed two new projects to provide batter health to society under CSR of 2021-22. Project with Red cross society Bhavnagar where we have donated equipment for their dental ward, by getting this facility people of Bhavnagar will be benefited with low cost and better dental treatment. Another with Rotary Club of Rajkot Midtown, where we have provided annual diagnostic package for needy people.

Our human mindset towards earnings and savings is like we always accept and expect to grow. We always strive to set and overcome by our own benchmarks.

EXPLANATORY STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013

ITEM NO. 4: To approve Re-classification from "Promoters/Promoter Group" category to "Public" category:

Mrs. Parul Sanjaybhai Patel (relative of Promoter Par Drugs And Chemicals Limited) was connected with SIDDHI SILICA PRIVATE LIMITED ("Siddhi") by holding shares and directorship in Siddhi. Hence, the Name of SIDDHI SILICA PRIVATE LIMITED was included in the Promoter Group of Par Drugs And Chemicals Limited.

At present, Mrs. Parul Sanjaybhai Patel and Mr. Sanjay J. Patel (Husband of Mrs. Parul Sanjaybhai Patel) are no longer shareholders and directors in Siddhi and hence, no longer connected with Siddhi. Further, Siddhi has no shareholding in Par Drugs And Chemicals.

Therefore, Siddhi had made an application under Regulation 31A of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 for declassifying themselves as "Promoters/Promoter Group" and for reclassifying it into the category of "Public Shareholders".

Siddhi -

- i. does not hold together with the related person, more than ten percent of the total voting rights in the company;
- ii. does not exercise control over the affairs of the company directly or indirectly;
- iii. does not have any special rights with respect to the company through formal or informal arrangements including through any shareholder agreements;
- iv. is not be represented on the board of directors (including not having a nominee director) of the company;
- v. is not acting as a key managerial person in the company;
- vi. is not 'wilful defaulters' as per the Reserve Bank of India Guidelines; and
- vii. is not fugitive economic offenders.

Based on the request received from Siddhi, the matter was discussed by the Board of Directors at their meeting held on 28th July, 2022 and Board decided to get the above Promoters/Promoter group person reclassified from the "Promoters/Promoter Group Category" to "Public Category" with the approval of stock exchanges.

Pursuant to Regulation 31A of the Securities and Exchange Board of India (Listing Obligations and Disclosures Requirements) Regulations, 2015 (Including any amendments made thereto) (hereinafter referred to as Listing Regulations") approval of Members is required by way of Ordinary Resolution for re-classification of Promoters.

The Board recommends the Ordinary Resolution set out at Item No. 4 for approval of the Members.

None of the Directors and Key Managerial Personnel of the Company or their respective relatives are concerned or interested, financially or otherwise, in this Resolution except to the extent of their respective shareholding in the Company to the same extent as that of every other member of the Company.

INDUSTRY STRUCTURE AND DEVELOPMENTS

Industry Structure:

The Pharmaceutical Industry needs to be approached at both macro and micro levels, whether for domestic or global markets. Pharmaceutical Industry forms part of Pharmaceutical Sector at a macro level. Hence, broad picture of Pharmaceutical Sector should be at preface while analyzing the Pharmaceutical Industry. Pharmaceutical Sector comprises various industries, which in turn, have numerous sub-classes or products. One such major industry in the overall Pharmaceutical Sector is "Pharmaceutical Products Manufacturing Industry", which in turn encompasses Active Pharmaceutical Ingredient segment. Thus, the micro analysis of segments such as Active Pharmaceutical Ingredients should be analyzed in the light of "Pharmaceutical Products Manufacturing Industry" at large. An appropriate view on Active Pharmaceutical Ingredients calls for the overall economic outlook, performance and expectations of Pharmaceutical Sector, position of Pharmaceutical Products Manufacturing Industry and micro analysis thereof.

The Active Pharmaceutical Ingredient (API) market is projected to grow at a rapid pace during the forecast period, owing to rise in cases of various chronic diseases. The increase in incidence of chronic diseases drives the global active pharmaceutical ingredients market. In the past few decades, the incidence of chronic diseases, including diabetes, chronic obstructive pulmonary disease (COPD), coronary artery disease, arthritis, asthma, hepatitis, and cancer has increased significantly in major regions across the globe. This could be attributed to the increase in the geriatric population across the world (by 2050, more than 20% of the global population is anticipated to be aged over 65 years), changing lifestyles, and dietary changes as a result of rapid urbanization.

In terms of manufacture type, the global API market has been segmented into in house manufacturing and contract manufacturing. The in house manufacturing segment dominated the global API market in the near previous year and the trend is projected to continue during the forecast period. Global players, prefer in-house production of APIs. This is a major factor driving the segment. These players believe that in house manufacture provides control of the process from start to finish. It offers the flexibility to adapt as and when required. This is especially useful when a company wants to respond to the market quickly and make a consumer-led change to the product, as it does not have to go through another company or rely on anyone else. These factors are anticipated to boost the growth of the segment during the forecast period.

Labor costs constitute majority of the cost of any manufacturing process. Outsourcing manufacturing eliminates the responsibility and costs involved in hiring the staff required to do the job properly. This is a major factor likely to drive the demand for contract manufacturing in the near future.

In terms of API type, the global API market has been classified into synthetic, biological, and plant extracts. The synthetic segment accounted for a significant share of the global API market in the previous years. This can be attributed to higher availability of raw materials and easier protocols for the synthesis of these molecules. The enhancing access to healthcare with the fast penetration of technology and different

advancements in the healthcare segmentThe Indian bulk drug industry has progressed from being perceived as an industry manufacturing simple API molecules to becoming the preferred destination for high value and complex APIs. The industry currently ranks third globally, next only to China and Italy and is focused on low cost operations whilst leveraging the availability of skilled manpower in the country. Significant investments in process research and innovation have generated value for the industry. The bulk drug industry is also dominated by MSMEs, which are the primary employment generators in the Indian pharmaceutical sector.

Developments:

While we have always known that each business stands uniquely apart in its thinking, objectives and resources, we believe the timing is opportune to run them independently. The year gone by is proof of our long-term approach to doing business whether from the point of view of strategy, operations or sustainability. After considerable thought, we believe that reorganizing our businesses as explained earlier is the most efficient and sustainable way to move to the next level and stay true to Par Drugs' mission to enhance the value of our customer's products by delivering best quality of raw materials and consistently improve quality and production standards for the betterment of our customer's. and build a strong relationship with all our customers, vendors and employees on the values of ethical and transparent working system.

It would be worthwhile to mention here that till two decades ago, the country has been producing most of the APIs required in the country and even exporting a major part of the same to Europe and the US. But, the high cost of production because of comparatively low scale of operations and higher input costs rendered the domestic API production economically unviable. Besides the price-related issues, the Indian government's recent policy intervention is praiseworthy given the ever deteriorating Sino-Indian border relations. If the ongoing border skirmishes between India and China in the Ladakh region reach a flashpoint and as a retaliatory measure China decides to stop export of APIs and other raw materials to India, the result would be disastrous for the country as the industry does not have any alternate sources to procure these basic raw materials. Stringent environmental regulations added fuel to the fire, forcing the pharma companies to turn to China which emerged as a producer of cheap APIs with huge capacities and lower cost of production. However, over-dependence on China for APIs has always been a thorn in the flesh of Indian drug manufacturers as the prices of APIs tend to go through the roof whenever there is any disruption in China which was evident in the first months of this year due to the Covid-19 outbreak there. The Covid-19 outbreak and the subsequent disruption in supply of active pharmaceutical ingredients from China to India has finally made the alarm bell ringing and has woken up the Indian government from its self imposed slumber on framing a conducive policy on APIs to end the country's over-dependence on China for APIs. To make India self-reliant in APIs production, the Central government has recently approved.

The good news is that the entire product range in our product portfolio, were the products which required the raw materials which are 100% indigenous and we are not relying on any Import Raw Materials.

OPPORTUNITIES:

The major requirements of APIs in India are met by imports from other countries such as China, Italy, Germany, France, Malaysia, etc. The major requirements of APIs in the world are met out by the China, which is slow down due to power problems and increasing the cost of utilities. The slowdown of the manufacturing of China can be provided an opportunity to domestic Indian units of APIs. This situation can be converted into an area of opportunity if the government provides adequate infrastructure facilities, subsidies and loans at low interest rates because then the captive market of APIs can be better developed to meet the requirements of the domestic manufacturers. Further, we can keep our focus to take opportunity by increasing the export turnover of APIs and increase the growth of the Company.

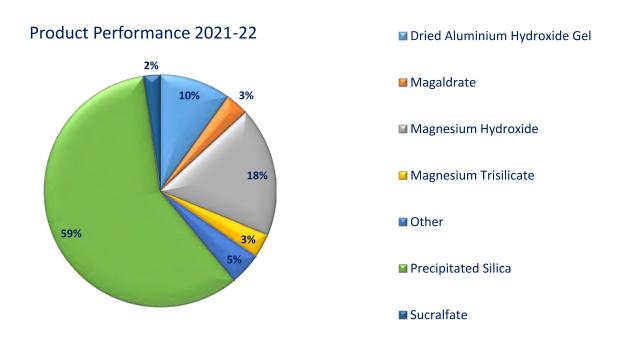

THREATS;

Company has business dealings in many countries. Each of these markets presents a different economic and political risk along with the ever present threat of natural disasters, wars, trade bans, etc. Further, the price of the utilities like coal and basic raw materials are increased substantially during the last year and the same is not expected to be level down. The increasing in the cost has resulted into increased the market rate of APIs. The increasing in the price of APIs would be effect on the demands of APIs in the domestic and international market. A widespread global presence, with no overdependence on any one region or country, considerably insulates the Company from any uneventful developments in any

particular market. Further, strong emphasis is given to regular tracking of the local developments to address these risks though, entry of global Players and technology disruptions still affected.

PRODUCT PERFORMANCE REVIEW

Company continues to operate only in one segment i.e. Active Pharma Ingredients ("APIs") and Fine Chemicals and there is no change in the nature of business of the company. The product Performance during the Financial Year 2021-22 as under.

OUTLOOK:

The Company has continue to expand more and more and continues to maintain its relatively stable and progressive growth outlook. For the growth in revenue we have decided to expand our Export Sales, since last two financial years we have gradually increase the same. Even during the last financial year we have achieved a 24% export sales compared to 16% previous year which in revenue its almost double to the previous financial year. The initiative taken by your Company for reducing overheads and finance costs, during this financial year, your company has paid up all the debts and now your company is debt free company.

RISKS AND CONCERNS:

Risks are inherent to our business as our operating environment is highly regulated, and dynamic. Pharmaceutical is among one of the highly regulated industries across the world. And rightly so as it deals with evolving human life. These regulation impact development, manufacturing, approval, marketing and distribution of products, while throwing new compliance challenges. A strong quality assurance mechanism and compliance monitoring network at your Company ensures strict compliance at every level. The Company earns its revenue in foreign exchange, thus exposing it to the volatility in the exchange rates. This can have an adverse effect on its earnings. The Company follows a conservative view which ensures protecting the desired exchange rate for sustaining the profitability.

To attain our strategic growth objectives, protect the interests of all our stakeholders and meeting legal requirements we have an established process of identifying, analyzing, and responding appropriately to all business risks. We have a well embedded Risk Management Framework to ensure that we are well-placed to manage any adverse effect posed by financial, operational, strategic or regulatory related risks. Our framework adopts appropriate risk mitigation measures for identified risks across functions. The process ensures that new risks, which might arise, or the impact of existing risks which might have increased, are identified and a strategy is put in place for mitigating such risks. The risks are measured, estimated and controlled with the objective mitigate adverse impact. Your company's fundamental approach to risk management includes to ensure sustainable business growth with stability and to promote a pro-active approach in reporting, evaluating and resolving risks associated with the business. The Company has adopted a risk management policy which inter alia, sets out our approach towards risk assessment, risk management and risk monitoring, which is periodically reviewed by the Board.

INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

The Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control. All the transactions are properly authorized, recorded and reported to the Management. The Company is following all the applicable Accounting Standards for properly maintaining the books of accounts and reporting financial statements. The Management of the Company and internal auditor checks and verifies the internal control and monitors them in accordance with. Audit Committee of the Board reviews reports submitted by the independent internal auditors and monitors follow-up and corrective actions.

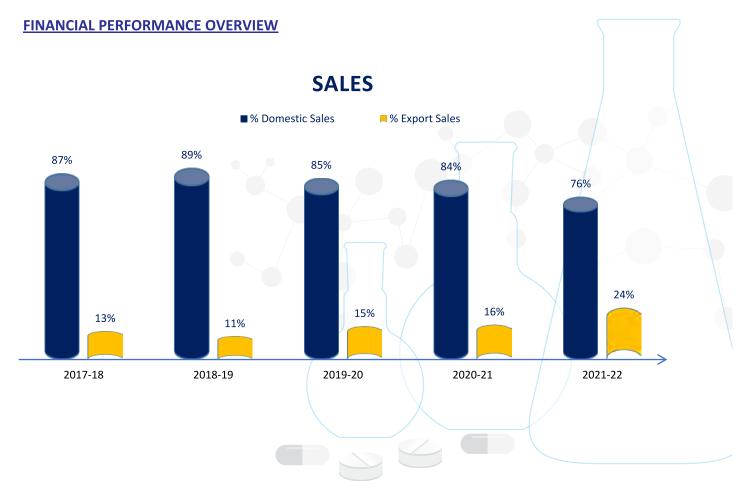

The management has implementation the computer-based new system as recommended. The system is under process in terms of the testing and evaluation after its implementation. Therefore, management should have to do periodic evaluation of the new systems in terms of its accuracy and outcomes.

SOCIAL CARE TOWARDS THE SOCIETY

Overview

The combination of innovation, new technologies and industrial know-how must remain profoundly embedded within a strategy of sustainable development. It is a virtuous circle placed at the very heart of our corporate project which brings us together around the fundamental values of humanism, innovation, commitment and customer focus.

Crisis periods frequently remind us of what is essential in life. Now more than ever, we are convinced that the company has been on the right path for many years. It is a strategy of local industry rooted within communities from which we develop international export objectives.

Company to make global impact strive to endeavor to make a voluntary commitment to a system designed around the principles of human rights, employment rights, health ,hygiene and environment. We all have a role to play in tackling the issues faced by society. The industry of the future must reconcile local and international activities, based on sustainable production of necessary, non-superficial goods.

Corporate social responsibility, or CSR, refers to the belief that businesses have an obligation to society beyond their commitments to the stockholders or investors. In addition to generating profits, companies are expected to have some responsibility to stakeholders such as employees, customers, communities, and the environment. CSR includes corporations being economically responsible, improving labor practices, embracing fair trade, mitigating environmental damage, giving back to the community, and increasing employee satisfaction.

The company continues to invest in addressing the most pressing needs of the community, focusing on health during the year. CSR activity to provide truly world class health care to diabetic patients at nominal charges and to design a one year package for diabetic patients which consists of diagnostic tests and treatment for various parts of body which are affected by diabetes. And Company provide required dental equipments, medicines and basic need to start the Dental Department to help to prevent, treat Dental Patients in need, and to provide timely access to sound health services at a reduced rate and to take care and concern of the less privileged people of the society.

Health and Wellness

Diabetes is systematic, life style Disease which is lifelong. Awareness is sorely missing and the lifelong treatment is huge financial burden for lower middle class and below poverty line patients. Mortality and morbidities are massive. Worldwide, more than 366 million People are affected by Diabetes and 4.6 million deaths every year. More than 62 million Indians are diabetic causing 1 million Deaths every Year. According to the latest NJCM report, 9% of Urban Gujarat and 4% Rural Gujarat Population is already diabetic and surprisingly 42% of cases are undetected.

In our own humble ways, Rotary Club of Rajkot Midtown Charitable Trust render a helping hand to the socio-economically deprived patients in and around Rajkot. They examine and evaluate patients, provide laboratory assessment and offer expert advice on diet, exercises and management of Diabetes and related diseases, dental & ophthalmic care and all these at highly subsidized costs or even free at times.

They have designed a complete year-long treatment of diagnostic tests and treatment for various parts of body which are affected by diabetes.

They identified and treat around 275 patients who are need based and coming from low-income group for whom the treatment is huge financial burden. Care and concern to the less privileged is a core contribution and focus.

The Project has implemented around Rajkot District as urban lifestyle is one of the major causes of the disease. Also, regular monthly visit for consulting Diabetologist and Dietician as a part of one-year treatment.

They have good team of Centre Head, Diabetologist, Pathologist, Cardiologist, Dental Surgeon, Ophthalmic Surgeon, Diabetic Foot Surgeon, Optometrist, Medical Officer, Dietician, Laboratory Technician, Phlebotomist, Laboratory Assistant, Back Office Executive, Receptionist, Helpers, Ground Staff

The hospital is equipped with HMS (Hospital Management System) and LIMS (Laboratory Information Management System) which gives us the required reports and stores all the data of every patient.

The sustainability of the project is that during the span of this project and also as part of the annual treatment they will introduced the series of Educative Seminars all-round the year which educates the patient and their family members about how to combat with the curse of Diabetes. Since this is the life style disease and the goal is to make the patient believe that diabetes can be controlled easily and if it is controlled, he/she will live healthy. Thus, the main objective of the project is to provide truly world class health care to diabetic patients at nominal charges, as established by Rotary Midtown Diabetes Prevention & Management Centre — A comprehensive ultramodern Diabetes Management Centre by Rotary Club of Rajkot Midtown Charitable Trust and they have designed a 1 year package for diabetic patients which consists of diagnostic tests and treatment for various parts of body which are affected by diabetes.

The Indian Red Cross Society (IRCS) is a voluntary humanitarian International organization having a network of over 1100 branches throughout the country, providing relief in times of disasters/emergencies and promotes health & care to the vulnerable people and communities. The Mission of the Indian Red Cross is to inspire, encourage and initiate at all times all forms of humanitarian activities to minimize and even prevent and thus, contribute to creating more congenial climate for peace. Operational since the time of independence, relentless service of Bhavnagar Branch of IRCS has created a distinguished identity of the organization. In the span of more than 60 years, it has served more than 3.0 million patients every year. Moreover, it currently runs more than 36 healthcare programs at its various sub-branches.

The Company has implemented Project "Samvedana" with Indian Red Cross Society, Bhavnagar and established Dental Care Department and provide required dental equipments, medicines and basic need to start the Dental Department with objective of to prevent, treat Dental Patients in need, to provide timely access to sound health services at a reduced rate and to take care and concern of the less privileged.

The Organization must be rooted in community and be aligned with the community's larger interests. Any adversarial relationship can hurt the company's ability to create longer term value. The Company is always desirous to perform the duty towards the society.

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of PAR DRUGS AND CHEMICALS LIMITED ("the Company"), which comprise the balance sheet as at 31st March 2022, and the statement of Profit and Loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the *Code of Ethics* issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing ("SAs") will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards on Auditing ("SAs"), we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances. Under section 143(3)(i) of the
 Companies Act, 2013, we are also responsible for expressing our opinion on whether the
 company has adequate internal financial controls system in place and the operating
 effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements:

As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure - A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, based on our audit we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- (c) The Balance Sheet, the Statement of Profit and Loss including other comprehensive income, the statement of changes in equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.

ANNEXURE - B TO THE AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of PAR DRUGS AND CHEMICALS LIMITED ("the Company") as of 31 March 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

Chartered Accountants

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

(A) Corporate Information

Company was originally incorporated on February 26, 1999 as Par Drugs and Chemicals Private Limited under the provisions of the Companies Act, 1956 with the Registrar of Companies, Ahmedabad, Gujarat. Company was converted in to Public Limited Company and consequently name of company was changed from Par Drugs and Chemicals Private Limited to Par Drugs and Chemicals Limited vide special resolution passed by the Shareholders at the Extraordinary General Meeting held on October 24, 2018 and a fresh certificate of incorporation dated November 5, 2018 issued by the Registrar of Companies, Ahmedabad.

The Company is primarily engaged in manufacturing of Active Pharma Ingredients and fine chemicals (API) for domestic market as well as for exports to international markets. APIs, also known as "bulk drugs" or "bulk actives" are the principal ingredient used in making finished dosages in the form of capsules, tablets, liquid, or other forms of dosage, with the addition of other APIs or inactive ingredients.

(B) Significant Accounting Policies

1) Basis of Preparation of Financial Statement

These financial statements are prepared in accordance with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values. GAAP comprises mandatory accounting standards as prescribed under Section 133 of the Companies Act, 2013 ('Act') read with Rule 7 of the Companies (Accounts) Rules, 2014. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

2) Use of Estimates:

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to contingent liabilities as at the date of the financial statements and reported amounts of income and expenses during the period. Examples of such estimates include computation of percentage of completion which requires the Company to estimate the efforts or costs expended to date as a proportion of the total efforts or costs to be expended, provisions for doubtful debts, future obligations under employee retirement benefit plans, income taxes, post-sales customer support and the usefull lives of fixed tangible assets and intangible assets. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as the Management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

3) Property, Plant and Equipment and Intangible assets & Depreciation:

Tangible Assets:

All items of fixed assets are stated at historical cost less accumulated depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance expenses are charged to profit or loss during the reporting period in which they are incurred

Depreciation on fixed assets is provided on pro rata basis as per WDV method based on the estimated useful life of various assets, as specified in Schedule II of the Companies Act, 2013.

Intangible Assets:

An intangible asset is recognized when it is probable that the future economic benefits attributable to the asset will flow to the enterprise and where its cost can be reliably measured. Intangible assets are stated at cost of acquisition less accumulated amortization and impairment losses, if any. Cost comprises the purchase price and any cost attributable to bringing the assets to its working condition for its intended use which includes taxes and allocated incidental

expenditure during development / acquisition and exclusive of Input tax credit (IGST/CGST and SGST) or other tax credit available to the Company.

Subsequent expenditure relating to intangible assets is capitalized only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

Assets Acquired as Lease:

Leases under which the Entity assumes substantially all the risks and rewards of ownership are classified as finance leases. Such assets are capitalized at fair value of the asset or present value of the minimum lease payments at the inception of the lease, whichever is lower. Lease payments under operating leases are recognized as an expense in the Proft and Loss Account on a straight-line basis over the lease term.

The cost of leasehold land is amortized over the period of the lease. Leasehold improvements and assets acquired on finance lease are amortized over the lease term or useful life, whichever is lower.

Advances paid towards the acquisition of Property, Plant and Equipment

Advances paid towards the acquisition of Property, Plant and Equipment, outstanding at each balance sheet date are shown under capital advances. The cost of the Property, Plant and Equipment not ready for its intended use on such date, is disclosed under capital work-in- progress.

4) Impairment of Assets:

An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value. Impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognized in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

5) Investments:

Investments, which are readily realizable and intended to be held for not more than 12 months from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments. On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties. Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment

basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments

6) Inventories : The inventories are valued on the following basis :

a) Raw Materials : Valued at Cost Price.

b) Finished goods : Valued at lower of Cost or Net Realizable Value.

c) Stock in Process: Valued at Cost Price.

7) Employee Benefits:

All short term employee benefits are accounted on undiscounted basis during the accounting period based on services rendered by employees.

The Company's contribution to Provident Fund and Employees State Insurance Scheme is determined based on a fixed percentage of the eligible employees' salary and charged to the Statement of Profit and Loss on accrual basis.

The Company's liability towards gratuity and compensated absences, being defined benefit plans are accounted for on the basis of an independent actuarial valuation and actuarial gains/losses are charged to the Statement of Profit and Loss.

8) Revenue Recognition:

- (A) Revenue/income and Cost / Expenditure are generally accounted on accrual basis as they are earned or incurred, except those with significant uncertainties.
- (B) Sales are recognized at the point of dispatch of goods to the customers. Sales are net of discounts, GST and returns.
- (C) Interest income is recognized on time proportion basis.
- (D) Dividend on Investments is accounted when approved by the shareholders' in the annual general meeting.
- (E) Insurance claim receivable is recognized in the year of the loss to the extent ascertainable.
- (F) The CENVAT / GST Credit available on purchase of raw materials / capital items and other eligible inputs are adjusted against GST payable on clearance of finished goods.

9) Foreign Currency Transaction:

Monetary assets and liabilities related to foreign currency transactions remaining unsettled at the end of the year are translated at year end rates.

The difference in translation of monetary assets and liabilities and realized gains and losses on foreign transactions are recognized in the Statement of Profit and Loss.

The premium or discount on forward exchange contracts is recognized in the statement of profit and loss over the period of the contract.

10) Accounting for Government Grants/Refunds:

Government grants/subsidies and refunds due from Government Authorities are accounted when there is reasonable certainty of their realization.

11) Taxation

Tax expenses comprise current tax (amount of tax for the period determined in accordance with the Income Tax Regulations in India) and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the period).

The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates that have been enacted or substantively enacted by the Balance Sheet date, Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realized in future; however, when there is unabsorbed depreciation or carry forward losses under taxation laws, deferred tax assets are recognised only if there is a virtual certainty of realization of such assets. Deferred tax assets are reviewed at each Balance Sheet date and written down or written up to reflect the amount that is reasonably / virtually certain, as the case may be, to be realized

Tax credit is recognised in respect of Minimum Alternate Tax (MAT) as per the provisions of Section 115JAA of the Income Tax Act, 1961 based on convincing evidence that the Company will pay normal income tax within the statutory time frame and is reviewed at each Balance Sheet date.

Company has policy of not considering MAT tax credit available to them under the Income Tax Act.

12) Borrowing Cost:

Borrowing Costs relating to the acquisition/construction of qualifying assets are capitalized until the time all substantial activities necessary to prepare the qualifying assets for their intended use are complete. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charge to revenue.

13) Earning Per Share:

Basic earning per share is calculated by dividing the net profit or loss after tax for the year attributable to Equity Shareholders of the Company by the weighted average number of Equity Shares outstanding during the year.

Diluted earning per Share is calculated by dividing net profit or loss attributable to equity Shareholders by the weighted average number of equity shares outstanding during the year with adjustment of all dilutive potential equity shares.

14) Provisions, Contingent Liabilities & Contingent Assets:

The company recognizes as provisions, the liability being present obligations arising from past events, the settlement of which is expected to result in outflow of resources and which can be measured only by using a substantial degree of estimation. Contingent liabilities are disclosed by way of a note to the financial statement after careful evaluation by the management of the facts and legal aspect of the matters involved. Contingent assets are being neither recognized nor disclosed.

15) Curent Assets, Loans And Avances

The balance under items of Sundry Debtors, Loans and Advances and current liabilities are subject to confirmation and reconciliation and consequential adjustments, wherever applicable. However, in the opinion of the Management, the realisable value of the current assets, loans and advances in the ordinary course of business will not be less than the value at which they are stated in the Balance Sheet.

16) Cash Flow

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. Cash flows from

operating, investing and financing activities of the Company are segregated, accordingly.

17) Segment Reporting

As the company is dealing in only one segment i.e. manufacturing industry, API, hence segment reporting is not applicable. Company does not have distinguishable component of an enterprise that is engaged in providing an individual product or service or group of related product or services and that is subject to risks and returns that are different from those of other business segment.
