India Looks to Expand Energy Partnerships with Russia

Dipanjani Roy Chaudhury
@timesgroup.com

New Delhi: India is planning to expand its energy sector footprints in Russia through additional joint hydrocarbon projects in the Far East and Arctic Shelf to meet rising domestic demands amid geopolitical upheaval.

The critical issue of India's interest to secure energy assets in Russia was key item on the agenda when foreign minister S Jaishankar met his Russian counterpart Sergey Lavrov in Moscow on Tuesday.

The two ministers decided to expedite the process to grant Russia a second site in India for the nuclear power project. Russian supported Kudankulam Nuclear Power Plant is contributing to availability of electricity in Tamil Nadu.

Shipping corridor between Vladivostok-Chennai and plans to connect Northern Sea Route in Arctic to INSTC will help to transport oil from Russia to India in future.

State-owned firms such as ONGC Videsh Ltd (OVL), Bharat Petroresources Ltd, Indian Oil Corp (IOC) and Oil India Ltd (OIL) have so far invested \$16 billion in Russia till date, including in the Far East and East Siberia, in oil and gas assets such as Sakhalin-1, Vankor and Taas-Yuryakh.

OVL owns a 20% stake in the Sakhalin-1 hydrocarbon block in which ExxonMobil was the operator. OVL has applied to Russian operator to retain its 20 per cent stake. While OVL, Oil India, IOC and Bharat Petroresources own 49.9% in Rosneft's subsidiary JSC Vankorneft, another consortium of OIL, IOC and Bharat Petroresources owns 29.9% of Taas-Yuryakh Neftegazodobycha. OVL has also acquired the Siberian deposits of the UK's Imperial Energy Corp.

A consortium of OVL, IOC and Oil India Ltd is looking to invest jointly in Rosneft's massive Vostok project. India has also been looking to invest in Novatek's Arctic LNG-2 project as part of its energy security playbook.

On Tuesday Jaishankar made it clear that India will continue to purchase oil from Russia in the backdrop of move by the West to cap price of Russian oil.

Hours after that US State department noted that India importing energy from Russia does not "runs afoul of the sanctions that have been imposed".

Paddy Procurement for Central Pool Rises 6.8%

New Delhi: Procurement of paddy for the central pool in the ongoing 2022-23

kharif marketing season was 6.8% higher at 21.45 million tonnes as on November 7, compared with 20.06 million tonnes a year earlier, according to latest data

from Food Corporation of India (FCI).

The data indicate that this year, the government will actively procure paddy to fill up its stocks, as the central pool stocks of rice were 19% lower and the stock of un-milled paddy was 16% less. —OB
